Dear XIANGNING

SUCCESSFUL CREATION OF UNIQUE STUDENT IDENTIFIER (USI)

Your USI Account has been successfully created with the following details:

USI: 38LGM9SRCV
First Name: XIANGNING
Middle Name: -
Last Name: LYU
Birth Year: 1993

Please take note of the details above as your education or training provider will need this information to verify that your USI is correct.

Your USI is your lifelong education number. You will only ever need one USI so keep a copy of it somewhere safe for future use.

Now you have a USI, you probably want to know a bit about it…

Why do I have a USI?

All students undertaking nationally recognised training will need to provide their USI to their education or training provider before they can receive their qualification, statement of attainment or award. This includes students doing Vocational Education Training (VET), students at school (VET for secondary students) and students undertaking higher education study. You will continue to use your USI for any future nationally recognised training you undertake.

What's in it for me?

The biggest benefit of the USI for VET students is the VET transcript. It's an online record of all your nationally recognised VET training and you can access it by logging into your USI account. Your VET transcript may be a useful backup if the original documentation is lost and cannot be replaced (for example, if the training provider is no longer operating).

How do I manage my USI account?

You can access your USI account using the USI Student Portal anytime to update your details, give permission to others to speak to us on your behalf as well as view all your VET training outcomes on your VET transcript.

How do you protect my privacy?

We take your privacy seriously.

The personal information you provide to us is protected by the Privacy Act 1988 and the collection, use and disclosure of your USI is protected by the Student Identifiers Act 2014.

Please visit https://www.usi.gov.au for more details about the USI including how we protect your privacy.

If you believe you are receiving this email in error, please contact your education or training provider in the first instance or the USI team for assistance at https://www.usi.gov.au/contact or on 1300 857 536.

Regards,

Student Identifiers Registrar
